

Terra-Sorb® foliar

AMINO ACIDS FOR FOLIAR APPLICATION

What is it? What is it for?

Terra-Sorb® foliar is a product based on Free L-α-amino acids and other bioactive compounds obtained by the exclusive Enzyneer® technology for foliar application. It is a product with a high ratio of free amino acids to total (high degree of hydrolysis). It is characterized by its high speed of action and excellent compatibility in foliar application mixtures.

Benefits

- Increases photosynthetic activity and chlorophyll content.
- Rapid recovery from stress situations.
- Improves the quality of fruit set.
- Certified as suitable for its use in Organic Farming by EcoCert.

CROPS

Terra-Sorb® foliar can be applied to all types of crops: leaf vegetables, fruit vegetables, berries, stone fruits, pome fruits, citrus, nuts, olive trees, wine or table grapes, tropical fruits, industrial and extensive crops.

DOSE AND APPLICATIONS

Foliar spray: 2 - 4 applications at 2-3 mL/L or 2-3 L/Ha. In case of severe stress the dose can be increased.

MOMENT OF APPLICATION

Its use is recommended at all times when the crop needs a nutritional and physiological stimulus, such as:

- Start of vegetation, as soon as it reaches enough foliar biomass.
- Pre-flowering and falling of petals.
- Development of vegetable organs to collect.

Its application is also recommended when the crop is subjected to unfavourable conditions (drought, cold, salinity, wind or root asphyxia) and recovery treatments after critical periods (transplant, damage by frost, hail or wind).

GUARANTEED ANALYSIS

	(W/W)	(W/V)
Free L-α-amino acids (*)	9.3%	10.1%
Total Nitrogen (N)	2.1%	2.3%
Organic Nitrogen (N)	2.1%	2.3%
Boron (B)	0.02%	0.02%
Manganese (Mn)	0.05%	0.05%
Zinc (Zn)	0.07%	0.08%
Organic Matter	14.8%	16.1%

(*) The formula contains each and every one of the biologically active free amino acids: ASP, SER, GLU, GLY, HIS, ARG, THR, ALA, PRO, CIS, TYR, VAL, MET, LYS, ILE, LEU, PHE, TRP.
